

v_Stepper_Control_Enable_HiZ

```
graph LR; A[v_Stepper_Control_Enable_HiZ] --> B[HW_get_8bit_reg]; A --> C[HW_set_8bit_reg];
```

The diagram illustrates a variable, `v_Stepper_Control_Enable_HiZ`, which is represented in a grey rectangular box. From the right side of this box, two blue arrows originate and point to two separate white rectangular boxes. The top box contains the text `HW_get_8bit_reg`, and the bottom box contains the text `HW_set_8bit_reg`. This visualizes the variable's association with both hardware get and set functions.
